QUARTER FENDERS

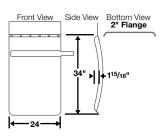

Stainless Steel

- High quality stainless steel design enhances any truck
- Lightweight
- Excellent wear resistance
- Easy to clean and maintain

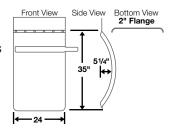

Part #: NF234SSNR

- ◆ Two 14 gauge stainless steel fenders
- ◆ Two N200-SS7HD (12 gauge stainless steel) heavy duty mounting arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 34" length
- ◆ Weight: 45 lbs (pair)

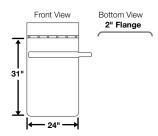

Part #: NF234SSNRCC14

- ◆ Two 14 gauge stainless steel fenders
- ◆ Two N200-SS7HD (12 gauge stainless steel) heavy duty arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 35" length
- ◆ Weight: 55 lbs (pair)

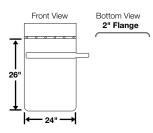

Part #: N231-SS

- ◆ Two 16 gauge stainless steel fenders
- ◆ Two N200-SS7 mounting arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 31" length
- ♦ Weight: 40 lbs (pair)

Part #: N227-SS

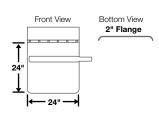

- ◆ Two 18 gauge stainless steel fenders
- ◆ Two N200-SS7 mounting arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 26" length
- ◆ Weight: 35 lbs (pair)

Part #: **N224-SS**

- ◆ Two 18 gauge stainless steel fenders
- ◆ Two N200-SS7 mounting arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 24" length
- ◆ Weight: 35 lbs (pair)

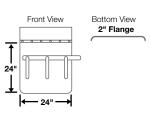

Typical Thickness*
.105"
.075"
.060"
.048"

Stainless Steel

Part #: **N224-SSB**

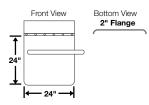

- ◆ Two 18 gauge stainless steel fenders
- ◆ Two N127-SS7 mounting pipes
- Six mounting braces
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 24" length
- ♦ Weight: 30 lbs (pair)

Part #: N1585

- ◆ Two 18 gauge stainless steel fenders
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 24" length
- ◆ Weight: 29 lbs (pair)

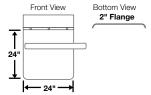

Poly

- Long lasting high density polyethylene construction
- Corrosion, wear and UV resistant
- Lightweight
- Easy to clean and maintain

Part #: N1900-KIT

- ◆ Two polyethylene fenders
- ◆ Two top flaps with hardware
- ◆ Two black clamps
- ◆ 24" length
- ◆ Weight: 20 lbs (pair)

Rubber

- Durable rubber
- Excellent wear resistance
- Easy to clean and maintain

Part #: N123-R

- ◆ Two rubber fenders
- ◆ 24" length
- ◆ Weight: 36 lbs (pair)

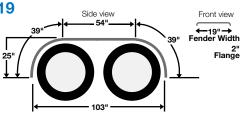

Super Single – Full Tandem Fenders

Part #: NF132SSNR19

- ◆ Two 16 gauge stainless steel fenders
- ◆ Smooth construction
- ◆ 132" overall length
- ◆ 19" width
- ◆ Weight: 64 lbs (pair)

High quality stainless steel design enhances any truck

- Lightweight
- Excellent wear resistance
- Easy to clean and maintain

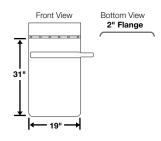

To order single fender add -1 to the fender part number

Super Single - Quarter Fender

Part #: **N231SS19**

- ◆ Two 16 gauge stainless steel fenders
- ◆ Two N200-SS7-19 mounting arms
- ◆ Two top flaps with hardware
- ◆ Two N2125-SS stainless steel clamps
- ◆ 31" length
- ◆ Weight: 30 lbs (pair)

Super Single - Single Axle Fenders

Part #: NF180SS19

- ◆ Two 16 gauge stainless steel fenders
- ◆ 3 rib construction
- ♦ 80" overall length
- ◆ 19" width
- ◆ Weight: 45 lbs (pair)

Mounting Kit part #: **N218019SSMK** Includes:

- 4 of N200-SS7-19
- 4 of N52-19

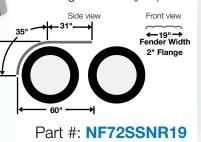

Part #: **NF180SSNR19**

- ◆ Two 16 gauge stainless steel fenders
- ◆ Smooth construction
- ♦ 80" overall length
- ◆ 19" width
- ◆ Weight: 45 lbs (pair)

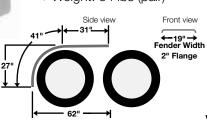

Super Single - Half Tandem Fenders

Part #: **NF66SS19**

- ◆ Two 16 gauge stainless steel fenders
- ◆ 3 rib construction
- ♦ 66" overall length
- ◆ 19" width
- ◆ Weight: 50 lbs (pair)

- ◆ Two 16 gauge stainless steel fenders
- ◆ Smooth construction
- ◆ 72" overall length
- ◆ 19" width
- ◆ Weight: 64 lbs (pair)

Mounting Kit part #: N26019SSMK Includes:
2 of N200-SS7-19
1 of N230-19L
1 of N230-19R
2 of N52-19

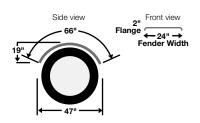

Pro Series Flanged Smooth Single Axle Fenders

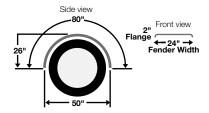

Part #: NF166SSNR

- ◆ Two 14 gauge stainless steel fenders
- ♦ 66" overall length
- ◆ 24" width
- ◆ Weight: 76 lbs (pair)

Part #: NF180SSNR

- ◆ Two 14 gauge stainless steel fenders
- ♦ 80" overall length
- ◆ 24" width
- ◆ Weight: 92 lbs (pair)

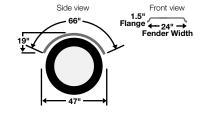

1000 Series Flanged Smooth Single Axle Fenders

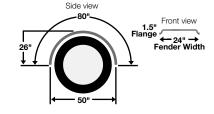

Part #: NF10166SSNR

- ◆ Two 16 gauge stainless steel fenders
- ♦ 66" overall length
- ◆ 24" width
- ◆ Weight: 60 lbs (pair)

Part #: NF10180SSNR

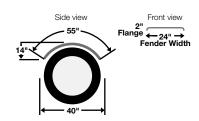

- ◆ Two 16 gauge stainless steel fenders
- ◆ 80" overall length
- ◆ 24" width
- ◆ Weight: 70 lbs (pair)

Part #: NF155SSNRLA

- ◆ Two 16 gauge stainless steel "lift axle" fenders
- ♦ 55" overall length
- ◆ 24" width
- ◆ Weight: 50 lbs (pair)

Gauge	Typical Thickness*
12	.105"
14	.075"
16	.060"

SINGLE AXLE FENDERS

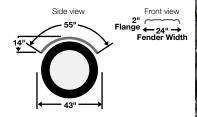

Part #: NF155A

- ◆ Two .090" aluminum fenders
- ◆ 53" overall length
- ◆ 24" width
- ◆Weight: 26 lbs (pair)

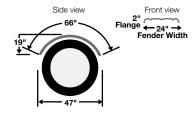

Part #: **NF155SS**

- ◆ Two 16 gauge stainless steel fenders
- ◆ 55" overall length
- ◆ 24" width
- ◆ Weight: 48 lbs (pair)

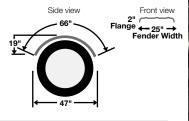

Part #: **NF166A**

- ◆ Two .090" aluminum fenders
- ♦ 66" overall length
- ◆ 24" width
- ◆ Weight: 32 lbs (pair)

Part #: NF166ARU NEW

- ◆ Two .090" aluminum fenders
- ◆ Ribs up construction
- ♦ 66" overall length
- ◆ 25" width
- ◆ Weight: 32 lbs (pair)

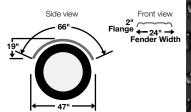

Part #: **NF166SS**

- ◆ Two 16 gauge stainless steel fenders
- ♦ 66" overall length
- ◆ 24" width
- ◆ Weight: 60 lbs (pair)

Part #: **NF166G**

- ◆ Two 16 gauge galvanized fenders
- ♦ 66" overall length
- ◆ 24" width
- ◆ Weight: 60 lbs (pair)

Part #: **N120G**

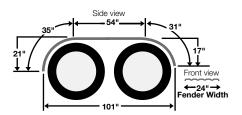

- ◆ Two 16 gauge galvanized fenders
- ◆ 120" overall length
- ◆ 24" width
- ◆ Weight: 106 lbs (pair)

Part #: N12054SS

- ◆ Two 18 gauge stainless steel fenders
- ◆ 120" overall length
- ◆ 24" width
- ◆ Weight: 88 lbs (pair)

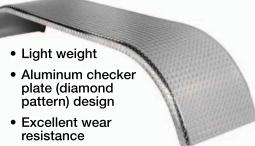

Part #: N12054G

- ◆ Two 16 gauge galvanized fenders
- ◆ 120" overall length
- ◆ 24" width
- ◆ Weight: 106 lbs (pair)

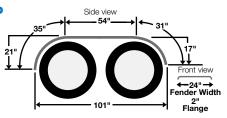

ACP Aluminum Checker Plate Full Tandem Fenders

Part #: **NF12054ACP**

- ◆ Two .100" aluminum fenders
- ◆ 120" overall length
- ◆ 24" width
- Weight: 75 lbs (pair)

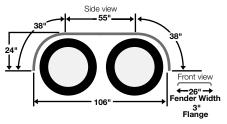

Black Poly Full Tandem Fenders

Part #: **NF13254PX**

- ◆ Two black polyethylene fenders
- ◆ 131" overall length
- ◆ 26" width
- Weight: 48 lbs (pair)

• Easy to clean and maintain

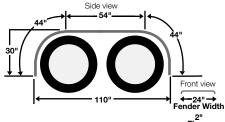

Candy Cane Full Tandem Fenders

- Extended tire wrap-around
- Excellent wear resistance

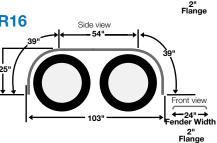

Part #: NF142SSNR

- ◆ Two 14 gauge stainless steel fenders
- ◆ 142" overall length
- ◆ 24" width
- ◆ Weight: 162 lbs (pair)

Part #: **NF13254SSNR16**

- ◆ Two 16 gauge stainless steel fenders
- ◆ 132" overall length
- ◆ 24" width
- ◆ Weight: 100 lbs (pair)

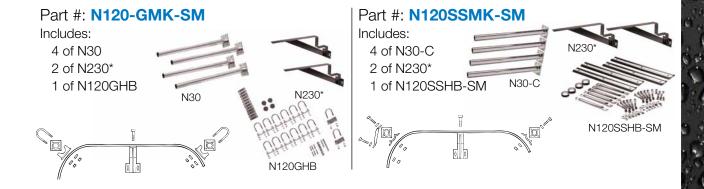

Gauge	Typical Thickness*
12	.105"
14	.075"
16	.060"
18	.048"

Full Tandem Mounting Kit Options

All kits mount one set of fenders

Also available:

N120SSMK-PM-2 N120-GMK N120SSMK N120-GMKUB N120SSMK-PM N120-GMK-PM N2120SSMKHDUB *N230 is standard but other options available on page 27.

Fender Mounting Components Part #: **N200-SS7** ◆ 29" stainless steel side mount arm - 14 gauge Part #: **N200-SS7HD**

◆ 29" heavy duty stainless steel side mount arm - 12 gauge

Part #: **N200-SS7P**

◆ 28" stainless steel side mount arm for Peterbilt applications -14 gauge

Part #: **N200-SS7-19**

◆ 19" stainless steel side mount arm for super single applications -14 gauge

Part #: **N200SS7-BLK**

◆ 29" powder coated side mount arm - black -14 gauge

◆ Threaded 3/4" - 16 post mount

Part #: N8

◆ Non-thread mount

Part #: N52-19

◆ Threaded 3/4" - 16 post mount for super single applications

Part #: N40 (No Holes)

◆ 30" threaded 3/4"-16 post mount - zinc

Part #: **N40-C**

◆ 30" threaded 3/4"-16 post mount - chrome

Part #: **N728**

◆ 29" side mount pipe stainless steel

Part #: NC091 (No Holes)

♦ 94" Pipe - zinc

Part #: NC091-SS (With Holes)

◆ 94" pipe - stainless steel

Part #: N30 (No Holes)

◆ 30" Side Mount - zinc

Part #: **N2125-SS**

Stainless steel clamp with bolt and nut

Part #: 18-02068 LHSS

◆ Left hand mount stainless steel for Peterbilt applications

Part #: 18-02068 RHSS

◆ Right hand mount stainless steel for Peterbilt applications

Part #: N127-SS7

Quarter fender pipe

◆ Note: Not For Half or Full Tandem Applications.

Centre Mounting Brackets

Part #: N230PMLH

- ◆ Universal left hand
- ♦ Height 8¹/2" 11⁵/8"
- ◆ No plate
- ◆ Single hole

Part #: N230PMRH

- ◆ Universal right hand
- ♦ Height 8¹/2" 11⁵/8"
- ◆ No plate
- ◆ Single hole

Part #: N230

- ◆ Regular
- ♦ Height 12³/₄"
- ◆ Plate: 4" x 6"
- ♦ Bolt centres: 41/4"

Part #: **N230-FL-LH**

- ◆ Left hand
- ♦ Height 121/2"
- ◆ No plate
- ◆ Slots in bar

Part #: **N230-FL-RH**

- ◆ Right hand
- ◆ Height 121/2"
- ◆ No plate
- ◆ Slots in bar

Part #: **N235-LH**

- ◆ Outboard left hand
- ♦ Height 7¹/2"
- ◆ No plate
- ◆ Slot in bar

Part #: N235-RH

- ◆ Outboard right hand
- ◆ Height 71/2"
- ◆ No plate
- ◆ Slot in bar

Part #: N230-19L

- ◆ Super single application left hand
- ♦ Height 8¹/2" 11⁵/8"
- ◆ No plate
- ◆ Single hole

Part #: N230-19R

- ◆ Super single application right hand
- ◆ Height 8¹/2" 11⁵/8"
- ◆ No plate
- ◆ Single hole

Mounting hardware included on all Mud Flap Hangers

◆ 50 muffler clamps

Part #: N123SS-4-0 BULK

◆ 24 quarter fender tube braces

NSTALLATION

Installation

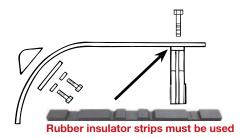

Important! Read Instructions Prior to Installation.

Installation Instructions for Nu-Line Fenders consult pages 4-27 of this catalogue for the dimensions of the mounting hardware available.

The rear bracket (or centre bracket on a full fender) dimensions are critical in determining which bracket will fit on a particular truck. Determine the optimum location for the front and rear mounting brackets and in the case of a full fender, the centre brackets.

Install the brackets as per the schematic shown in the catalogue. Affix all brackets and posts or side mounts to the frame using grade 8 bolts to firmly secure the brackets.

In the case of half and full fenders use the rubber insulator strips between the surface of the rear or centre bracket and the fender. These must be used as they absorb vibration which can lead to cracking of fenders. The rubber strips are manufactured to

mate with the ribbed and smooth fender models. Round rubber grommets should not be used. The rear bracket must have a flat surface of 21" by 2" to properly secure the fender, and ensure maximum effectiveness and longevity of the fender.

Some rear or centre bracket models such as the N230PMLH and N230PMRH require a left and right.

All models of fenders must be positioned so that they are aligned properly. This means that all surfaces must make contact with the brackets without the fender requiring any twisting or bending.

Should the fender require twisting to attach it to the brackets you risk premature unwarranted failure or cracking.

Drill the holes in the fenders as needed. Three bolts must be used when the fenders are attached to the rear brackets or centre brackets. These bolts are supplied in the appropriate mounting kits. When using the mounting kits containing the N200-SS7 mounting arms there is an installation template included for this purpose. This template is included in the N2180SSMK, N2120SSMK, and N260SSMK mounting kits.

Use only stainless steel hardware when installing Nu-Line stainless steel tandem fenders and galvanized when installing aluminum and galvanized fenders. The hardware supplied in the mounting kits is specific for the type of material used in the fenders. Failure to use only the specified hardware could result in premature staining and/or corrosion of fenders.

Secure the fenders firmly on the mounting arrangement using the hardware provided in the mounting kits.

In order to keep stainless steel fenders clean with a good appearance, clean only with mild soap and water. Do not use harsh or gritty cleaners or acids as they could tarnish the surface of fenders.

NOTE: AVOID STORING IN DIRECT SUNLIGHT AS REFLECTION OF FOCUSSED LIGHT COULD POSE FIRE HAZARD.

WARRANTY

Limited Warranty

All products manufactured and sold by Nu-Line Products Inc. are guaranteed to be free of defects in workmanship and materials for a period of one (1) year from date of installation. All Nu-Line products must be installed using only Nu-Line supplied mounting kits and brackets. All tandem and half fenders must use a properly secured centre bracket to avoid cracking. Any use of mounting hardware and brackets of another make to mount Nu-Line products, or any modification of a Nu-Line product, will render the Nu-Line guarantee void. Nu-Line assumes no responsibility for the cost of installation or removal.

Exceptions to this limited warranty are as follows: cleaning with anything other than soap and water, damage and dents from road hazards are not covered, misuse or accidental impact damage is not covered, damage caused by corrosive materials is not covered.

Any materials to be considered for warranty must be returned to Nu-Line Products Inc. in Hamilton, freight prepaid, for inspection, with an approved Nu-Line Returned Goods Authorization. This warranty is good only for the original end-user of Nu-Line products.

General Information

Stainless Steel Fender Care and Maintenance

Nu-Line strongly recommends washing your fenders with water only. If detergents are necessary do not use anything stronger than a mild soap and water. When wiping and buffing your fenders we recommend using a soft, clean cloth making sure to wipe in the direction of the grain, do not buff in a circular fashion as this could cause damage to the surface.

Terms

All shipments are made COD unless credit is prearranged and authorized by Nu-Line Products Inc.

Minimum Orders

\$250.00 is the minimum order. Orders under \$250.00 are subject to a \$50.00 service charge.

Call In Orders

Verbal orders must be confirmed in writing by fax or email prior to scheduling. Each order must include a valid purchase order number.

Shipping

All goods are to be shipped FOB from Nu-Line in Hamilton, ON. Every effort is made to ship customer orders in a timely manner, Nu-Line Products and its affiliates cannot guarantee same day delivery of the orders it receives.

Shortages

Shortages or errors made in filling an order must be reported within 10 days upon receipt of any shipments.

Damaged Goods

It is the customer's responsibility to inspect each shipment for damage. If the product is damaged in transit, the customer must file a freight claim with the carrier.

Returned Goods

All returned goods must be authorized in advance by Nu-Line Products Inc. Items returned for credit will be subject to a restocking charge of 15%, and must be returned prepaid. No returns will be accepted without:

- A Returned Goods Authorization (RGA) number issued by Nu-Line, and
- 2. A copy of the original invoice.
- 3. RGA good for 30 days only.

No credit will be issued for goods that Nu-Line deems damaged, unsuitable for sale, or discontinued.

Each customer is eligible to return 10% of last years sales.

Nu-Line is Canada's Spray Suppression
Leader. With a full line of products to fit all
major manufacturers trucks and trailers,
you can count on Nu-Line for unparalleled
quality and exceptional value. Nu-Line is a
Marmon Highway Technologies LLC (MHT)
company. MHT companies support the
